

SAYS IT'S WORTH \$100 A BOTTLE

Missouri Pacific Fireman Praises Tanlac.
His Wife Had Suffered for Three Years.
Since Taking Tanlac She Goes About With Her Old Time Energy.

"My wife has taken three bottles of Tanlac, and says it has been worth a hundred dollars a bottle to her," said J. G. Nichols, a well-known railroad man now employed on the Missouri Pacific Railroad, and living at 4711 Summit Street, Kansas City, Mo.

"For three years," he continued, "my wife had suffered a great deal on account of the condition of her stomach. Her appetite was poor and she had lost weight and strength. She was very nervous and had a great deal of trouble in getting to sleep. She was tired and worn out in the morning and could hardly get out of bed. I couldn't find any medicine that would help her at all, so she just continued to lose weight and strength until she was hardly able to keep on her feet."

"I finally agreed with her when she says Tanlac has been worth a hundred dollars a bottle to her. I don't think I ever saw anybody improve like she did after she got started taking it. Her appetite came back in a very short time and she can now eat anything she pleases, and as much as she wants and it never gives her any trouble at all. Her stomach seems to be in a healthy condition, and she sleeps sound and that nervousness has left her entirely. She goes about her housework now with her old-time strength and energy, and she is in better health generally than she has been in a long time. We are very glad to have this opportunity to recommend Tanlac."

Tanlac is sold in Chattanooga by Live and Let Live Drug Co., and by the leading druggist in practically every city, town and village in America.—(Adv.)

AVOID THE FLU BY KEEPING LIVER ACTIVE

Doctors Find Calomel, the New Nauseless Calomel Best Laxative for Colds and Preventive for Influenza and Pneumonia.

To cut short a cold over night, to stop a sore throat, and to put the system in the best possible condition to avoid influenza and pneumonia, doctors are advising the new nausealess calomel, called Calomel, which are free from the sickening and salivating effects of the old style calomel. At the first sign of a cold or sore throat, it is best to take Calomel, before the inflammation has gone too far. You may thus save yourself a spell of sickness.

One Calomel at bed time with a swallow of water—that's all. No nausea, no mucus, no slightest interference with eating, work or pleasure. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Perhaps you can congratulate yourself that a "stitch in time" has saved you a whole illness. Calomels are sold only in original sealed packages, price thirty-five cents. Your druggist recommends and guarantees Calomel and will cheerfully give back your money if you are not delighted.—(Adv.)

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

Give Fruit Laxative when cross, bilious, feverish or constipated.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know the children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—(Adv.)

QUEEN HAIR DRESSING

Which do you want—short, kinky hair, or long, wavy, glossy hair?

QUEEN HAIR DRESSING will make your hair long, soft and glossy. Colored women who are using this wonderful hair grower, don't take a substitute, because to get QUEEN, send today 25c, stamps or money, to NEWBORN MFG. CO., ATLANTA, GA. Agents Wanted With References

ARMISTICE COMMISSION PRIME FORCE FOR PEACE TWO ALTERNATIVES OPEN TO ALLIED NATIONS.

Desire for Early Demobilization Necessitated Early Decision as to Germany.

(London Times-Phil. Ledger Cop. Cable.) (G. S. Adam.)

Paris, Feb. 28.—A great step has been made, it is not toward imminent peace, at any rate toward a rapid preparation of the basic factors of the allies' terms. There are so many councils, committees, delegations and conferences sitting in Paris that there might have been some danger of enthusiasm creeping for their own subjects and of statesmen in pleading their own national reasons, leading to peace with Germany being rather overlooked. It is probable that no peace conference has really itself made peace and the Paris conference in this respect is not singular, for real peace in all its most important aspects, may turn out to be work of the armistice commission and the posthumous child of the old allied council of Versailles.

Attention has been drawn in these dispatches to the importance of the armistice negotiations as an implement of peace for the tendency to use Treves in the final settlement has been very clear to all observers of the negotiations here. Treves has been a great success in the final settlement of peace. It has secured a general character of all by reason of the military situation.

The desire of all countries to demobilize as quickly as possible made it imperative for the allies to determine their future policy toward Germany. They had two alternatives. Either they could make peace and allow the Germans to go to work and ruin as the result of internal agitation and trust to their statelessness to prevent the spread of bolshevism and to exploit politically Germany's complete disruption or they could give the sober elements of the army a chance of maintaining some degree of order and unity.

The latter policy has prevailed and the question now is the question of the size of the navy and army of Germany to observe the terms of the armistice. The allies are now in the process of economic delegates to the allied armistice commission. This step widened the question as to what the allies had to do to review their whole policy of supplying foodstuffs, raw materials and transport to enemy countries.

IVINS BUSY IN POLK

Big Still Uncovered Near Conasauga in Full Blast

Determined not to let officers of Hamilton and Bradley counties get ahead of Polk county, insofar as wildcat stills are concerned, Sheriff Lillard, Deputy Sheriff Mark Lillard, United States Deputy Marshal W. T. Crow and Deputy Ranger T. B. Ivins got busy early in the week.

Within a short time they located a still in full blast in the hollow near Conasauga, Polk county. Surrounding the illicit "plant," they closed in on it and found it to be in full blast.

Its capacity was forty gallons. They destroyed the still, together with a lot of corn and two mules. Four men, found at the place, were all arrested, arraigned for trial before United States District Judge S. L. Hill at Benton and bound over to federal court under bonds of \$250 each, in default of which they were placed in jail.

The men claimed they were in no way connected with the "moonshining" factory, which happened to be there when the officers arrived.

Deputy Ranger Ivins and Marshal Crow had cast in to destroy a few days ago, and while in the city were members of a party which conducted a search on Walden's ridge for a big still.

WILSON FAILS TO SMILE

As He Shakes Senator Chamberlain's Hand

Washington, Feb. 28.—President Wilson and Senator Chamberlain, of Oregon, chairman of the senate military committee, met yesterday for the first time since their controversy of more than a year ago when the president wrote a letter sharply criticizing the senator for his New York speech in which he said certain government bureaus had "almost ceased to function."

Senator Chamberlain called to pay his respects to the president, who was at the capital conferring with senators and representatives. The president released Mr. Chamberlain's hand and without speaking turned to greet another senator.

NIGHT GOWN STRIKE

Heckling Militants Adopt a Novel Weapon.

Boston, Feb. 28.—The "nightgown strike" is the latest weapon of the militant suffragists. The eight suffrage leaders held at Charles-street jail here, they refused to pay \$5 fines when found guilty of attempting to heckle President Wilson today resorted to the new "strike" method.

The campaign is led by Miss Elsie Hill, of Norwalk, Conn., and is a simple one. To be admitted to the choice circle it is merely necessary to wear your nightgown at all times. The nightgown strikers have refused prison work. They also declare they will not wear their own clothes.

The nightgown strikers believe that "handcuff Jack" Kellie, sheriff of Suffolk county, will not cast them into the outer world while they wear their one-piece nightgowns. In this way they hope to defeat the plans of any person trying to obtain their release by paying their fines.

LETTER BRINGS CHEER

Harry Hollis Tells of Soldiers' Entertainment "Over There."

Mrs. H. W. Hollis is in receipt of an interesting letter from her son, Private Harry S. Hollis, of Company G, 52nd infantry, who has been stationed at Aunoy, France. He said he thought they were going to sell some time ago, but that they were disappointed. Explaining his delay in not writing, he wrote that they had been on the march.

He enclosed a program of an entertainment the boys held a short time ago, saying that they suffered somewhat from stage fright and had no instrument to give them the pitch for their songs. Private Hollis and Corp. Welch sang a duet. Somewhere a Voice arose. Poems by Private George C. Mikesell added much to the occasion. Among the other numbers were an act by the Hollis and Jones, a two world-renowned comedians, and a short address by the captain. Then, too, there were selections by society.

"A Jab at the Skinkers" was the title of one of Private Mikesell's poems. He said:

The company has maneuvers and stands out in the field. The snipers practice wig-wag and map the hill and plain. The engineers dig ditches and mend the bridge that's broke. But the drivers feed their horses and then sit down and smoke. Oh, I'd rather be a driver than a millionaire in Spain. So I think I'll be a driver and never work again.

The soldier's suit is spick and span and must be brushed each day. The driver wears his overalls all day with mud on his knees. The rest of us must clean our shoes and wrap our leggings neat. But the driver wears his long gum boots upon his dirty feet.

Oh, it's fine to be a driver and do just as you please. So I think I'll be a driver and always live at ease.

MORE STRIKE TROUBLE

Buenos Aires, Feb. 27.—All hope of immediately ending the harbor strike under the decree of President Irigoyen, nationalizing port services, passed today when both shippers and port workers decided not to renew operations under present conditions.

FIRST EAGLE BOAT BUILT FOR UNITED STATES

NEW MESSAGE BOAT
This photograph is of the first eagle boat, made by the Ford Motor company under contract for the government, on a practice trip off the Atlantic coast. This is the Eagle No. 2, which has developed a speed of twenty knots an hour. The trial trips were made off New London, Conn. The boats were built originally for protection against submarines, but they will probably be used as part of the coast patrol.

KURT EISNER'S ASSASSINATION HAS FAR-REACHING EFFECTS IN GERMANY

(London Times-Phil. Ledger Cop. Cable.)

Stockholm, Feb. 26.—The political consequence of H. Kurt Eisner's assassination in Munich are affecting the whole situation in Germany. Lieut. Count Arco Valley's shot is having far-reaching effects and reaching through the whole country. It raises once more, in greatly amplified conditions, the question of whether the extremists or moderates in power of parliamentary government of the supremacy of soldiers' and workmen's councils.

The party struggle going on in Munich is likely to be followed throughout the country and become one between the national assembly and orderly institutions and these councils and a minority dictatorship. Among partisans of the era in Germany of the authors of the revolution of Nov. 8, the events in Munich are looked upon as the work of a vast reactionary plot and the initiation of a wide spread attempt to overthrow the democratic conquests of the revolution and restore the conservative regime. The immediate result therefore has been to draw all the revolutionary parties closer together. The

FATAL BOMB EXPLOSION

Little Child Killed and Score or More Negroes Injured

Chicago, Feb. 28.—Ernestine Ellis, 6, colored, was killed and more than a dozen negro occupants of an apartment house injured by a bomb explosion in the hallway of the building early today.

Police, after a hurried investigation, advance the theory that the bomb was exploded as a protest against the negro occupants of the building.

Charles Thomas, Jr., janitor, who was seriously injured, combats this statement, declaring that while nearby buildings are tenanted by white folks, he has never had anything but the most amicable relations with them.

WOMAN QUITS

Mrs. Leonard Mader Withdraws from Chicago Mayoralty Race.

Chicago, Feb. 28.—Mrs. Leonard Mader, Chicago's first and only woman candidate for mayor, is no longer a candidate. Mrs. Mader in a statement today explaining her withdrawal from the mayoralty race late yesterday, pledged her support to Robert Sweitzer, democratic candidate, declaring that "as a loyal democrat, I want a democrat as Chicago's next mayor."

BLIZZARD STRIKES WEST

Snowstorms Prevail Over Parts of Nebraska and Other Sections.

Chicago, Feb. 28.—The blizzard and snowstorm which today is sweeping over parts of Nebraska, Utah, Colorado, Iowa and New Mexico, seriously hampering rail traffic and interfering with wire communication, is due to reach this section of the country late tonight.

Weather officials say the storm will have spent the greater part of its force by the time it reaches Illinois.

Southeastern Nebraska and western Iowa suffered severely from the storm last night. In many sections of these states railroad traffic was seriously impeded.

AMBASSADOR DINED

Distinct Honor Paid William G. Sharp by French Deputies.

Paris, Feb. 28.—A large group of senators, deputies and economists, cabinet ministers and members of the republican committee on industry and agriculture and of the society of economic studies, joined in giving a luncheon in honor of William Graves Sharp, the retiring American ambassador, at the Republican club today.

Oh, It's There!

Ouch, How It Pains!

Right Across the Small of the Back or Over the Kidneys!

LUMBAGO, RHEUMATISM, GOUT, OR FAULTY KIDNEY ELIMINATION.

All signals of distress. The kidneys have too much work to perform. Uric acid accumulates in the system in form of urate salts. Obtain at your nearest drug store that splendid discovery of Doctor Pierce's called "Anuric" (anti-uric). Anuric is more potent than lithia and dissolves uric acid as hot coffee does sugar.

If you wish to give it a trial, send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a trial package.

FREDERICKSBURG, Va.—"Last spring I was in a very miserable state with stiff and aching back. I lost a great deal of sleep. Was so bad that I could not get up of my own accord in the mornings. I was becoming desperate, when I read an advertisement for Anuric in the newspapers and decided to try it. Of all the things I have ever done or taken, Anuric is the best. It has done me more good than any medicine I ever took. Three bottles of Anuric rid me of all kidney and bladder trouble and made me feel like a different man. It is a pleasure to recommend Dr. Pierce's Anuric Tablets and I never use one opportunity."—W. W. OWENS, R. F. D. 1, Box 3.

PLANS LONG FLIGHT

Capt. Coll to Attempt Air Journey from Madrid to Fez and Agadir.

Paris, Feb. 27.—Capt. Coll, who recently crossed the Mediterranean and made the return trip within twenty-four hours, will soon make a flight by the way of Madrid to Fez and Agadir, Morocco. He will make a special study of conditions over the sea in view of his intention to make a flight from Dakar, at the extreme point of Cape Verde, to Pernambuco, Brazil, in the next two months. He will, on his flight, operate a special machine, which is equipped with a fuselage which will keep aloft for ten hours and permit the aviator to await assistance in case of a breakdown while over the sea.

INAUGURATE DR. BRUM

New President Uruguay Friendly to Argentina.

Montevideo, Feb. 28.—Special embassies sent by all South American and several European countries are here to attend the inauguration of Dr. Baltazar Brum, the new president, tomorrow. The United States will be represented by Robert E. Jeffrey, American minister, who has been appointed a special ambassador for the occasion.

Buenos Aires, Feb. 28.—Newspapers of all shades of political opinion unite in their comment upon the inauguration of Dr. Baltazar Brum as president of Uruguay as a step toward stronger relations between that country and Argentina. The new president spent several days last week in Buenos Aires explaining that he came here for the sole purpose of meeting President Irigoyen and discussing plans to still further harmonize the policies of the two countries.

TRESPASSING FATAL

U. S. Railroad Casualties Total Nearly \$600,000

Washington, Feb. 28.—Casualties on American railroads during 1917 resulted in the death of 5,567 persons and in the injury of 20,770, the interstate commerce commission reported today. During the previous year 2,476 lives were lost and 65,983 persons were injured. Accidents on grade crossings of steam railroads numbered 3,674, in which 1,777 persons were killed and 4,356 injured.

Trespassers on railroad property figured heavily in the accident figures, 4,245 having been killed during 1917 and 3,829 injured. Trainmen while on duty numbered 1,492 and injured 47,857. Passengers killed were 301 and injured 7,782.

OFFICE BUILDING BURNED

Albany, Ga., Feb. 28.—The Davis Exchange Bank building, the largest office structure in the city and occupying nearly half a block of space, was destroyed by fire early today. At 8 o'clock the flames still were burning but were under control.

FIRST MOVIE AT 84

Northboro, Mass.—(U. N. S.)—At the age of 84 George B. Wood, of this town, has just seen his first moving picture show. He said it was a "wonderful experience."

Tired, Nervous Women What You Need is Vinol

The reason we recommend Vinol so strongly for such conditions is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates, the very elements needed to build up a run-down system and replace weakness with strength.

HERE IS PROOF

Glasgow Jet, Ky. "I was suffering from a nervous breakdown—loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight."—Mrs. S. M. Gray.

Milwaukee, Wis. "I was weak, nervous, all run down, no appetite and had taken different medicines without benefit. A friend advised me to try Vinol. It gave me a wonderful appetite, I slept well, have gained in weight and am now strong and well."—Mrs. E. Stray.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

A MOTHER'S STRENGTH

Mother, whose hands rock the cradle, often needs more than ordinary food to help maintain the blood-quality and strength and to assure adequate nourishment to the child. It is as unwise for the mother, as it is dangerous to the child, to place dependence upon alcoholic stimulation, for strength is not found in alcohol.

SCOTT'S EMULSION

of purest cod liver oil, absolutely free from alcohol, is mother's true friend, in that it performs a two-fold duty. Scott's is tonic-nourishment, particularly fitted for the trying period of motherhood.

SCOTT'S EMULSION BUILDS UP STRENGTH.
